Presidents Report

Being such a short period between Bulletins my report should be short.

All of the Rotarians and partners have enjoyed the four days spent with the Group Study Exchange from the Loire Valley District 1510. They were all very delightful young people who I am sure enjoyed our hospitality, and the tours arranged by our GSE co-ordinator Rotarian Fay, thanks Fay for the extra little items you included for them to enjoy.

I hope our Lamington Drive proved a financial success along with the two bottles of wine raffled on Thursday night; by the way these were donated to our Rotary Club by the Big Bargain Bottle Shop.

Vocational Chairman, Michael has asked for billeting for four 2nd year students from the Rural Clinical School from the 19th-23rd April, the 19th is a Monday so they can attend a Rotary meeting. Please give it some thought as you will have to give them Breakfast, Lunch and Dinner for three nights. I just love Jean-Pierre personal slogan... ""

A stranger is a friend whom I have not met

Yours in Rotary

Chris

How the Program works

Kits are only available from participating pharmacies in Tasmania during March each year

You take the kit home; take some samples according to the instructions.

Drop the kit into the collection bin at the pharmacy by the deadline in mid- April.

Rotary Bowelscan uses faecal occult blood test (FOBT) screening kits.

The test discovers blood passed from the bowel that's *invisible to the naked eye*, which can be an early warning of cancer.

Conducted annually, it provides a very good chance of early detection and a high probability of successful treatment.

Australia, like the USA, has one of the highest incidence rates of colorectal cancer in the world. The USA has already adopted colorectal cancer screening on a national basis. In Australia, there are about 11,000 new cases of colorectal cancer each year and about 5,500 deaths from the disease.

Your kit is sent to Bowelscan's generous supporters, Hobart Pathology, North West Pathology Burnie or Northern Tasmanian Pathology Service Launceston who do the lab tests at a very reasonable fee which is included in the cost of the kit.

Bowelscan's Medical Adviser then notifies you of the result, and also notifies your GP if the test is positive. Confidentiality is maintained at all times.

Please don't wait for symptoms.

Remember, Bowelscan is for people who are not showing any signs of bowel cancer. If you have any direct family history of bowel cancer, any blood showing in bowel motions, or any recent changes in bowel habits, you should talk to your GP right away.

Bowelscan is a Rotary community service program, and no profit is made by either Rotary or participating pharmacies. Bowelscan is an awareness program, not a medical service.

Licensed general practitioners and pathologists provide all medical services.

It is with deep regret that we record the passing of PDG Campbell Gunn on 12 March 2010

A charter member of the Rotary Club of Claremont, Past President (1973/74), Past District Governor (1986/87) and Paul Harris Fellow, Campbell was still a very active member of his Club at the time of his death. Sincere condolences go out to Anne and the Gunn family.

Council on Legislation

The whole list of resolutions and enactments can be downloaded from the link below. PDG Lew Pretorius reports

I do make a special reference to Resolution 10-152---"To revise the qualifications for Governor nominee" Which in essence says that no Rotarian shall be selected as Governor nominee unless the Rotarian has served at least one year as Assistant Governor" The resolutions referred to in the body of the download are possibly more pertaining to clubs and districts day to day activities, although there are 219 item's-at this stage but those listed will assist me if I get a feel from the district clubs on how to vote. Remembering, from my last experience—these resolutions and enactments are often changed by way of an amendment and/or even withdrawn. I would like clubs to respond directly to me, via [email](#) by end March.
