**The Emergency Medical Information Book** - contains all of your information and medical records which is needed if or when an ambulance is called and you need to be transported to a hospital. When paramedics are called, a typical scenario is that distraught family members may be unable to give correct details of the patient's condition, or the medication they may be on. The paramedics physically have to collect all the patients medication in the house, try and obtain a medical history and take it to the hospital with the patient. **This small book contains patient contacts, service or carer provider information, medications and any medical condition, so a paramedic is able to treat and ready a patient for transport to a hospital.**

## Rotary Tasmania, District 9830 Conference 2010

Join us in Hobart in March 2010 for fellowship, friendship and FUN!  
—Bring your inner child!  
26 - 28 March 2010

Elizabeth and I take pleasure in inviting you to the Rotary District Conference in March 2010 at the Wrest Point Convention Centre.

Conferences have traditionally been an inspirational finale in celebrating a great year of service to the community. My Conference Committee is working towards yet another milestone for all Rotarians and friends to enjoy in our District.

The theme for the conference— “Children Our Future”—is in line with the core beliefs of concurrent World Presidents of Rotary International. You will not only hear a broad range of eminent speakers address this theme, but be moved by the inclusion of children in the conference. We support Rotary because it is an amazing organisation full of people who want to reduce suffering in the world.

Don't miss this important, enriching opportunity.  
See you there!

Ian Shuey  
District Governor 2009/10.
